Enterprise VoIP Billing

Overview

NextStag Voip Billing is a fully featured VoIP Billing and Mediation and Termination System running on an NextStag SoftSwitch for Prepaid, Postpaid and regular phone Calling Card, PC2Phone, Callback and Callshop Services. It includes telephony service logic (IVR) platform, User Management, Reseller management, Web-Based Customer Provisioning, and AAA based service delivery. The system also includes a real-time rating engine with self contained Billing, Reporting and Statistics.

Features

The features list are split into three sections for clarity: Admin Interface, Reseller Interface and Customer interface

ADMIN INTERFACE
